

Keep DC Officials Accountable on the Racial Equity Achieves Results Amendment (REAR) Act of 2019

- McDuffie, author of the bill, held one community meeting/hearing with little notice to DC's long standing communities. We need more.
- The current #REARAct lacks true "racial equity" that may serve marginalized Washingtonians of whom majority are Black and low-income.

DC, WE NEED YOUR VOICE!

POST @ TODD & MCDUFFIE VIA SOCIAL MEDIA OR CONTACT BY PHONE TO DEMAND:
"WE WANT OFFICIALS TO INCLUDE..."

- *...a Racial Equity Impact Assessment Statement for future/existing DC laws."*
- *...the establishment of an Office of Racial Equity & Social Justice with an annual Operating Budget to support monitoring of DC equity benchmarks."*
- *...a clear definition of Racial Equity within this bill."*
- *...a mass community based hearing on the bill with notice to DC communities."*
